PROFILE Industrial & Production Engineering undergraduate at SUST with a strong interest in applying machine learning and data analysis to industrial decision-making. Hands-on with SolidWorks and AutoCAD for design, and Python for analysis. Analytical, systems-minded, and always learning.

EDUCATION B.Sc. in Industrial & Production Engineering EXPECTED 2028
Shahjalal University of Science and Technology (SUST) · Sylhet, Bangladesh

RESEARCH INTERESTS Machine Learning & AI Algorithms that learn from data, and the ideas that push them further. Data-Driven Decisions Turning raw data into evidence, and evidence into better choices. ML in Industrial Decision-Making Applying machine learning to optimise production, planning and operations. SolidWorks & CAD Design, modelling and simulation — where ideas take physical shape.

TECHNICAL SKILLS	SOLIDWORKS	Engineering design	Advanced
	AutoCAD	Engineering drawing	Proficient
	Python	Programming & analysis	Proficient
	Microsoft Excel	Data & modelling	Advanced
	Microsoft PowerPoint	Communication	Advanced

INTERESTS Technology · Football & Tactics · Engineering Design · Chess · Film & Series
